vinosofia

Natural Wine Club

Our wine selection is focused on natural/organic wines so this is our thing. This club is like fashion, buy ahead and wait until the right season to drink it situation. This is why we select for example bigger bolder wines for our Spring shipment, which are meant to be enjoyed in the Autumn. Shipped twice a year in the Spring (March-April) and in the Autumn (October-November). We strongly advise for all orders shipped outside of Europe to undergo an acclimation period of at least 1 month before enjoying.
